Privacy Policy

The club operates in accordance with the provisions of the General Data Protection Regulation (GDPR) of 2018.

We ask for the above information for basic record-keeping purposes and in order to be able to contact you. These details are never released outside the club without your explicit consent.

We do make **phone numbers** (as approved by yourself) available to other club members, in order (for example) to arrange games or to let you know if a fixture is postponed at short notice. These lists are kept in the club for reference purposes, but not on public display. We use *email* for club newsletters or circulars, but without displaying the full list of recipients.

We sometimes use **photos** on the club website or Facebook page: in line with the GDPR we check with any identifiable individual before posting such photos, but we do not routinely seek permission before publishing general action shots which do not identify individuals. However, anyone who objects to appearing in such a photo may ask us to remove it. Moreover, the GDPR allows you to ask us at any time for details of the personal data which we hold on you.
